Cancel Credit Procedure

1. If the collect button is pushed when the credits are over \$200 or less than \$2 the machine will lock up and ask for a cancel credit to be performed.

2. Before performing the Cancel Credit ensure that the venue paperwork detailing the time, machine number and amount of the cancel credit are recorded.
3. To cancel the credits turn the **audit key** toward you (Reset) – the credits will disappear and the game will return to normal.

4. Turn the **audit key** away from you (Audit) to bring up the audit screen, record the Cancel Credit figure from the screen onto the venue paperwork.

5. Remove the audit key and press the **i-game rules** button to return to the game
